

PRESS RELEASE**ATP Private Equity Partners announces final close of new €800m fund****Copenhagen, February 14th 2018**

ATP Private Equity Partners (ATP PEP) is pleased to announce the final close of ATP Private Equity Partners VI K/S (ATP PEP VI) at €800m. ATP PEP is the private equity arm of ATP, Denmark's largest pension fund, with +€100bn in assets under management.

Torben Vangstrup, Managing Partner, ATP PEP: "We are excited about the launch of our sixth fund and very pleased by the continued backing from ATP. We look forward to investing with our existing General Partners and in selected new ones".

In conjunction with the closing of fund VI, an adjustment of the investment strategy, the investment process as well as the organization has taken place. The changes are a reflection of a desire to reduce complexity and costs as well as working closer with our selected General Partners to ensure that ESG and tax matters are in compliance with ATP's policies.

ATP PEP VI will be targeting fewer but larger allocations to a diversified portfolio of fund commitments within the buy-out and distressed funds. Consistent with prior funds, ATP PEP VI will have an increasing focus on co-investments with General Partners of the ATP PEP portfolio. The geographic focus of ATP PEP VI will be Europe and North America.

As a consequence of changes to the investment mandate and focus for ATP PEP VI, it has been decided to unite all resources in one office in Copenhagen going forward.

About ATP Private Equity Partners
